

TIME OF REBIRTH

NEWS FROM HASHOMER HACHADASH | JUNE 2024

As June ends, we reflect on a month filled with profound satisfaction and pride in the significant achievements across the organization's initiatives in agriculture, personal security, education, and community empowerment. We are delighted to share some key events from this month. Our educational programs celebrated Shavuot with a beautiful Bikurim ceremony, and participants from our Adam V'Adama Nitzanim program created a meaningful memorial to honor the victims from Kibbutz Netiv HaAsara. Additionally, we hosted our annual appreciation evening to recognize our dedicated operational volunteers. While these events were taking place, our Forest Guard teams were actively engaged in firefighting missions in the north. We continue to work on new initiatives to bolster Israeli agriculture, including a collaborative conference focused on food independence. Our thoughts as ever, are for the safe return of the hostages, and we extend our heartfelt gratitude to the IDF soldiers, including our staff, who courageously defend our land and its people on the front lines.

HASHOMER HACHADASH – JUNE 2024 STATS:

1,076

operational volunteers
safeguarded **63**
agricultural farms

5,580

agricultural volunteers
assisted **114** farmers
including **183** groups

(companies, organizations, schools,
world Jewry, and soldiers)

HASHOMER HACHADASH RECEIVES THE PRESIDENT'S VOLUNTEERISM AWARD

This year, following the events of October 7th and the war, it was decided that the President's Award for Volunteerism would be given to 20 individuals, organizations, businesses, or groups that demonstrated significant dedication to volunteering and contributed to strengthening the resilience of the Israeli home front. One of the recipients of this award is HaShomer HaChadash. The organization was recognized for preserving Israeli agriculture and mobilizing over 262,000 volunteers to support farmers nationwide. The award also honored HaShomer HaChadash's educational activities, including assisting the displaced youth from the Gaza Envelope, and for strengthening personal security within the ultra-Orthodox community through the establishment of "Mishmer."

ERETZ ANGELS CLUB – INVESTING IN INNOVATION AND TECHNOLOGICAL GROWTH IN THE PERIPHERY

Introducing Eretz Angels: a pioneering angel club harnessing the potential of young entrepreneurs in peripheral regions to drive economic transformation and technological innovation across Israel. Focused on sectors like agriculture, water, energy, health, biotechnology, and recycling, Eretz Angels offers targeted investments with substantial impact. Backed by the Kibbutz Movement, Kamea Fund, Kibbutz Industry Association, Hamashbir Hamerkazi, Hashomer Hachadash's Eretz Noshvet Fund, and the Kinneret Innovation Center (KIC), we provide early-stage ventures with expert guidance and vital connections to investors and markets worldwide

THE ADAM V'ADAMA SCHOOL NETWORK IS ESTABLISHING A SCHOOL IN THE GAZA ENVELOPE

A new Adam V'Adama school is set to be established in the Eshkol region with support from the Poalim Foundation for Recovery, by Bank Hapoalim. This initiative will expand the current network of schools. This is the first school to be established in the western Negev area since October 7th. The school's primary aim is to strengthen the resilience of farmers in the Gaza envelope and contribute to the renewal of local settlements and communities. The school will achieve this by empowering youth through the values of labor and a love of the land. This new school represents a crucial step in the rehabilitation and revitalization of the Gaza envelope region.

TRAINING SEMINAR IN THE NEW MOVEMENT

Over 1,000 participants, graduates of 9th grade, gathered in Hanaton Forest for the leadership training seminar of the New Movement, Hashomer Hachadash's youth movement. Centered on the values of leadership, Zionism, and of the land, the seminar is led by members of the movement's national service program, supported and guided by adults. During the seminar, participants partake in group activities, learning, and forging new friendships with peers from across the nation.

REHABILITATING THE NORTHERN KIBBUTZIM AND STRENGTHENING THEIR INFORMAL EDUCATION SYSTEM

In collaboration with the Upper Galilee Regional Council, HaShomer HaChadash has launched a special task force comprising educators and camp counselors. Their mission is to support children and youth from the northern kibbutzim and aid in revitalizing educational programs throughout the summer. Additionally, in preparation for residents' return to these kibbutzim, HaShomer HaChadash, alongside the Union of Hope and Unity, Council of Pre-Military Academies, the Fourth Quarter, and other organizations is mobilizing volunteers for a project focused on rehabilitating and maintaining the kibbutzim of Mayan Baruch, Snir, Hagoshrim, Dan, Dafna, and Kfar Giladi. Interested in volunteering in the project?
